Please see attached and let me know of anything that looks to be inconsistent, or if everything looks OK.

Also, since it's a large file, can you please confirm receipt?

Thanks.

Brad

Subject: Load Comparison

Hey, Brad. As of today we really need to see the basecase load data used in the IRP for comparison to what we are using. We are certain what was provided. Just don't want to release anything that contradicts the IRP. We have a few people waiting to hear from us. Yesterday is not soon enough (LOL)!!

Thanks!!

Mary L. Moran, PE

Manager, Electric Generation Planning

Florida has a very broad Public Records Law. Virtually all written communications to or from State and Local Officials and employees are public records available to the public and media upon request. Any email sent to or from JEA's system may be considered a public record and subject to disclosure under Florida's Public Records Laws. Any information deemed confidential and exempt from Florida's Public Records Laws should be clearly marked. Under Florida law, e-mail addresses are public records. If you do not want your e-mail address released in response to a public-records request, do not send electronic mail to this entity. Instead, contact JEA by phone or in writing.
