Susie

Thank you for your efforts on behalf of JEA. We believe that an amicable resolution between Georgia and Florida would be the best for all of the ratepayers. Unfortunately, Georgia is more interested in litigation at this time.

As we agreed, Ballard's monthly fee will be reduced to \$5,000. Please continue to provide us with any information or insight that you have from DC. We will keep you informed regarding our efforts with Georgia and remain hopeful that we will soon be requesting that you and your team proceed "full throttle". At that time, we expect that we will revert to your standard monthly fee.

Thank you again for your efforts.

Herschel

Herschel,

Pardon the delay of this email with reference to our discussion on July 23rd following the JEA board's decision to potentially pursue a privatization opportunity. I think we agree that, at least at this juncture, our work toward enlisting cooperation from U.S. Department of Energy regarding the Vogtle project is not likely to prove successful. Therefore, we concur that Ballard Partners' current subcontract with Holland & Knight on behalf of JEA to work on this issue before the federal government is no longer needed. As you suggest, would be pleased to remain engaged at a greatly reduced rate on a month-to-month basis to handle miscellaneous federal issues for the Authority before the federal government as they may arise.

On behalf of the firm, we appreciate this opportunity and remain ready to assist as you may require in Washington, D.C.

Best,
Susie

Susan Summerall Wiles
