TRANSMISSION AGREEMENT¹

This TRANSMISSION AGREEMENT (collectively with the Schedules hereto, this “Agreement”), dated as of [•], is made and entered into by and between JEA, a body politic and corporate (“JEA”), and [•], a [•] (“Service Provider”). Service Provider and JEA are sometimes hereinafter referred to individually as a “Party” and together as the “Parties”. All initially capitalized terms used and not otherwise defined herein shall have the respective meanings set forth in Schedule 1 hereto.

- A. JEA has previously entered into an Amended and Restated Power Purchase Agreement, dated December 31, 2014 (the “Vogtle PPA”) with the Municipal Electric Authority of Georgia (“MEAG”) for 206 MW of capacity and related energy from Plant Vogtle Units 3 and 4, a nuclear generating station under construction in Burke County, Georgia, in which MEAG has a 22.7% undivided ownership interest.
- B. JEA is entitled to 103 MW from each of Vogtle Units 3 and 4 for a 20-year term commencing on each unit’s operational date on a “take or pay” basis.
- C. JEA intends to continue the Vogtle PPA until its conclusion or termination so as not to cause any adverse tax effects on bondholders.
- D. JEA and Service Provider have entered into an Asset Purchase and Sale Agreement pursuant to which Service Provider has agreed to acquire substantially all of the assets and liabilities of JEA’s Business (as defined therein) (the “Transaction”), not including the Vogtle PPA, which will be retained by JEA.
- E. JEA is party to three Service Agreements for Long-Term Firm Point-to-Point Transmission Service with SOUTHERN COMPANY SERVICES, INC. (“Southern”), each dated March 25, 2019 (the “Southern TSAs”).
- F. The Parties desire to enter into this Agreement in order to transmit the capacity and energy sourced under the Vogtle PPA from Plant Vogtle from the delivery points under the Southern TSAs at the Florida-Southern Peninsular Interface to a Delivery Point or Points on Service Provider’s distribution system.
- G. JEA will remain fully responsible for the exercise and performance of all of rights and obligations of JEA under the Vogtle PPA, including the purchase and acceptance of, and payment for, energy from Plant Vogtle thereunder.

In consideration of the mutual covenants, representations, warranties and other agreements hereinafter set forth and in support of the Transaction, and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the Parties, intending to be legally bound, hereby agree as follows:

This Agreement shall terminate (A) automatically when the Territorial Agreement expires or is terminated, or (B) pursuant to Section 8.11.

(B) **Term Extension.** The Term shall automatically be extended to the extent that the term of the Territorial Agreement is extended.

(C) **Service Commencement Date.** Service Provider shall begin rendering Services under this Agreement immediately upon the Closing.

ARTICLE 3

SERVICE PROVIDER’S OBLIGATIONS

Section 3.1 **Services.** Service Provider shall be responsible for providing the following services (each, a “Service” and collectively the “Services”):

(A) **Transmission over Southern’s Transmission System.** Service Provider shall manage the Southern TSAs on JEA’s behalf and shall be fully responsible for all electric transmission and scheduling activities for the safe, reliable, and compliant transmission of power delivered under the Vogtle PPA to the Delivery Point(s) located on Service Provider’s transmission system at the Florida-Southern Peninsula Interface.

(B) Transmission over Service Provider’s Transmission System. Service Provider shall use its jointly and wholly-owned transmission system (contractually owned rights) to ensure adequate transmission capability is available to transmit energy and capacity from Southern’s delivery point at the Florida-Southern Peninsular Interface to the Delivery Point(s) on Service Provider’s distribution system.

(C) NERC Tagging. Service Provider shall comply with NERC tagging requirements.

(D) Ancillary Services. Service Provider shall provide all ancillary services necessary to support the transmission of electric energy from resources to loads, while maintaining reliable operation of the transmission system, including but not limited to providing spinning reserve, supplemental reserve, reactive power, regulation and frequency response, and managing energy imbalances.

(E) Record Keeping. Service Provider shall produce and maintain a complete set of financial records relating to the Services. Such financial records shall be made available by Service Provider to JEA promptly on request.

(F) Reporting and Auditing. Service Provider shall provide reporting, audit, records and data management services as required by Law and by the Agreement, including those listed in Subsection 3.7(A).

(G) FERC Interface. Service Provider shall interface with FERC on behalf of JEA in accordance with Section 3.3.

(H) Customary Services. Service Provider shall provide any other customary services that are not explicitly enumerated in the Agreement but are necessary to the delivery of the Services.

Section 3.2 Performance

(A) Scheduling. Service Provider will establish the method and procedure of scheduling energy to the points of interconnection pursuant to NERC and FRCC scheduling requirements.

(B) Priority. Service Provider shall ensure that the first 206MW of capacity is a dedicated resource on its OATT. For the avoidance of doubt, JEA shall submit a roll-over request to FERC regarding Service Provider’s OATT prior to Closing, and Service Provider shall approve such roll-over request as a valid rollover prior to Closing.

(C) Transmission Losses. Service Provider shall deliver energy sourced from the Vogtle PPA minus transmission losses. Transmission losses for energy transmitted on the Southern transmission system shall be the losses stipulated in the Southern TSAs. Losses for the transmission services under this Agreement shall be based on the average transmission loss percentage for Service Provider’s Transmission System. Service Provider shall provide to JEA information related to transmission losses for ratemaking purposes.

(D) Prudent Utility Practice. Service Provider shall plan, design, construct, operate, and maintain its transmission system and capability in accordance with Prudent Utility Practice in order to reliably deliver the energy to be made available under the Vogtle PPA during single contingency outage conditions.

(E) Facilities. Service Provider shall be responsible for providing all transmission lines, substations, transformers, facilities, hardware, software, and physical plant necessary to perform the Services.

(F) Title. Title to the energy delivered under the Vogtle PPA to the End-use Customers pursuant to this Agreement shall remain at all times with JEA until such energy passes through Service Provider's meter at the End-use Customer's location. For the avoidance of doubt, nothing in this Agreement shall be construed to be an assignment of any of JEA's rights or obligations under the Vogtle PPA.

Section 3.3 FERC Interface. Service Provider shall file this Agreement with FERC as required by Federal Power Act section 205 (16 U.S. Code §824d), and all applicable FERC regulations, and JEA will provide support as necessary.

Section 3.4 Independent Contractor. JEA hereby engages Service Provider as an independent contractor to furnish the Services described in this Agreement, and subject to the limitations set forth in Section 8.4.

Section 3.5 Limitation of Authority. Service Provider shall not have authority to suspend, terminate, or amend the Southern TSAs without the prior written approval of JEA.

Section 3.6 Use of Subcontractors.

(A) Responsibility for Subcontractors. Service Provider may use subcontractors to perform the Services. Service Provider shall at all times be responsible for proper provision of the Services in accordance with the Agreement.

(B) Limit on use of Subcontractors. Service Provider shall not sub-contract for the whole of the Services.

(C) Flow-down requirements. Service Provider shall include Section 3.4 and Subsections 9.2(A), and 9.2(E) *mutatis mutandis* in any Subcontract used in the performance of the Services.

Section 3.7 Reports and Audits.

(A) Reporting. Service Provider shall be responsible for:

(a) performance of all accounting and reporting functions necessary to support the provision of the Services, including performance of tax reporting functions (including monitoring, reviewing and verifying all tax billings), the maintenance of the fixed assets records in accordance with FERC and other applicable regulatory or accounting requirements; and

(b) preparation of the monthly and annual EIA form 861, including supporting schedules.

(B) Curtailments and Shutdowns. If deliveries of power and energy through Service Provider's system are temporarily reduced, curtailed or shut down for any reason, including due to weather or another event, Service Provider shall, with due consideration of its responsibility for safety and system reliability, as promptly as possible advise JEA as to the nature, reason and probable duration thereof and the expected effect thereof on the operation of the transmission system. Service Provider shall take all reasonable steps to ensure that the Services are resumed as soon as reasonably practicable following such temporary reduction, curtailment or shut down.

(C) Auditing. Service Provider shall be responsible for provision of all necessary information and assistance to JEA's external auditors in connection with their audit of the financial

statements and underlying financial records maintained by Service Provider related to the Services provided under this Agreement.

ARTICLE 4 INSURANCE

Section 4.1 **Required Insurance.** Service Provider agrees to maintain, at its own cost and expense, general and automobile liability, worker’s compensation, and other forms of insurance relating to its operations for the life of this Agreement in the manner, and amounts, as are usual and customary for similarly situated companies in its industry.

Section 4.2 **Certificates.** Upon request, Service Provider shall provide to JEA, properly executed and current certificates of insurance with respect to all insurance policies required to be maintained by Service Provider under this Agreement or, in the alternative, a list of self-insurance measures undertaken. Certificates of insurance shall provide the following information: (A) name of insurance company, policy number and expiration date; (B) the coverage required and the limits on each, including the amount of deductibles or self-insured retentions; (C) a statement indicating that Service Provider shall endeavor to provide at least thirty (30) days’ prior written notice of cancellation of a policy; and (D) a statement indicating that JEA has been named as an additional insured.

Section 4.3 **Claims Made.** If any insurance is written on a “claims made” or “claims first made” basis, Service Provider shall maintain the coverage for a minimum of three (3) years after the termination of this Agreement.

ARTICLE 5 CHARGES

The Charges shall be as set forth in Schedule 2.

ARTICLE 6 COMPLIANCE; SURVIVAL

Section 6.1 **Compliance with Applicable Law.** Service Provider shall perform all of its obligations hereunder in accordance with Applicable Law. If Service Provider fails at any time to comply with any Applicable Law, then Service Provider shall immediately remedy such failure and shall promptly notify JEA in writing thereof.

Section 6.2 **Survival.** Articles 1, 7, and 9 and Sections 6.1, 8.2, 8.3, 8.4, 8.3(A), and 8.7 shall survive termination of this Agreement.

ARTICLE 7 DEFAULT, REMEDIES AND DISPUTE RESOLUTION

Section 7.1 **Events of Default by Service Provider.**

(A) **Events of Default.** Any failure or refusal by Service Provider to perform any material obligation under this Agreement which failure or refusal is not otherwise excused by Force Majeure and has not been cured within thirty (30) days following receipt of written notice thereof from JEA shall constitute an event of default (an “Event of Default”); *provided, however*, that as long as Service Provider is diligently attempting in good faith to cure such failure or refusal and it is reasonably expected

that such failure is subject to cure, then Service Provider, shall have an additional thirty (30) days to cure such default.

(B) JEA’s Remedies for Service Provider Default. Upon the occurrence of an Event of Default by Service Provider under Subsection 7.1(A), JEA may recover any Losses from such Event of Default.

Section 7.2 Dispute Resolution.

(A) Dispute Resolution. Any dispute arising out of or relating to this Agreement or the interpretation, breach, termination or validity thereof (a “Dispute”) shall be resolved in accordance with the procedures below, which shall constitute the sole and exclusive procedures for the resolution of such Disputes, including as to the validity of any termination or effective date of any termination.

(B) Negotiation. The Parties shall attempt to resolve any Dispute promptly by negotiation. Any Party may give the other Party written notice of any Dispute not resolved in the normal course of business. Within five (5) days after receipt of the notice, the receiving Party shall submit to the other Party a written response. The notice and response shall include a statement of that Party’s position and a summary of arguments supporting that position. Within five (5) days after receipt of the initial notice, designated senior executives of each Party shall meet at a mutually acceptable time and place, and thereafter as often as each Party reasonably deems necessary, to attempt through diligent, good faith negotiations to resolve the Dispute. The Parties shall endeavor to complete the negotiation process within ten (10) days after the receipt of the Dispute notice. All negotiations and discussions pursuant to this Subsection 7.2(B) shall be confidential and shall be treated as compromise settlement discussions and negotiations for purposes of Federal Rule of Evidence 408 and any applicable Florida state evidence rules and shall not be used or offered as evidence in any subsequent proceeding.

(C) Litigation. Any Dispute which has not been resolved by negotiation as provided in Subsection 7.2(B) above within twenty (20) days after receipt of a Dispute notice may be referred to the Circuit Court of the State of Florida in Duval County, in accordance with Subsection 7.2(D) below.

(D) Submission to Jurisdiction. Any Action arising out of or based upon this Agreement or the transactions contemplated hereby shall be in the Circuit Court of the State of Florida in Duval County, which court shall have exclusive jurisdiction for such purpose and the Parties irrevocably submit to the exclusive jurisdiction of such court in any such Action. Service of process, summons, notice or other document delivered in accordance with Section 8.7 shall be effective service of process for any Action brought in such court. The Parties irrevocably and unconditionally waive any objection to the laying of venue of any Action in such court and irrevocably waive and agree not to plead or claim in such court that any such Action brought in such court has been brought in an inconvenient forum.

(E) Provisional Relief. Either Party may proceed in the Circuit Court of the State of Florida in Duval County to seek to obtain provisional judicial relief if, in the such Party’s sole discretion, such Action is necessary to avoid imminent irreparable harm, to provide uninterrupted electrical and other services, or to preserve the status quo pending the conclusion of such negotiation or litigation under Subsection 7.2(A), (B) or (C) above.

(F) Obligation to Repair; Termination Notice. The Parties will continue to perform

their respective obligations hereunder, including Service Provider’s performance of the Services in accordance with the terms hereof, notwithstanding the existence of any Dispute, including responsibility for the costs thereof. Such performance by the Parties shall in no case prejudice their rights thereafter to dispute their responsibility for the costs. During the dispute resolution process pursuant to this Section 7.2, any termination notice delivered pursuant to this Agreement shall be tolled and this Agreement shall not terminate until the later of (a) the end of the period provided in such termination notice, and (b) the issuance of a final, binding ruling by a Governmental Authority that the termination of this Agreement was proper.

Section 7.3 Waiver of Certain Defenses. SERVICE PROVIDER ACKNOWLEDGES THAT IT IS RESPONSIBLE FOR THE SERVICES AND AGREES THAT, UNLESS OTHERWISE PERMITTED PURSUANT TO THE PROVISIONS OF THIS AGREEMENT WITH RESPECT TO THE OCCURRENCE OF A FORCE MAJEURE EVENT, IT SHALL NOT ASSERT (A) IMPOSSIBILITY OR IMPRACTICABILITY OF PERFORMANCE, (B) LACK OF FITNESS FOR USE OR OPERATION OF ITS DISTRIBUTION SYSTEM, (C) THE EXISTENCE, NON-EXISTENCE, OCCURRENCE OR NON-OCCURRENCE OF ANY FORESEEN OR UNFORESEEN FACT, EVENT OR CONTINGENCY THAT MAY BE A BASIC ASSUMPTION OF SERVICE PROVIDER, (D) COMMERCIAL FRUSTRATION OF PURPOSES, OR (E) CONTRACT OF ADHESION, AS A DEFENSE AGAINST ANY CLAIM BY JEA AGAINST SERVICE PROVIDER.

ARTICLE 8 GENERAL

Section 8.1 Force Majeure.

(A) Performance Excused. Except as otherwise specifically provided in this Agreement, neither JEA nor Service Provider shall be liable to the other for any failure or delay in performance of any obligation under this Agreement (other than any payment at the time due and owing), to the extent due to the occurrence of a Force Majeure event.

(B) Notice, Mitigation. The Party claiming a Force Majeure event (the “Claiming Party”) shall notify the other Party in writing, on or promptly after the date the Party experiencing such Force Majeure event first knew of the commencement thereof, followed within fifteen (15) days by a written description of (1) the Force Majeure event and the cause thereof (to the extent known), (2) the date the Force Majeure event began and the cause thereof, its estimated duration, the estimated time during which the performance of the Claiming Party’s obligations hereunder will be delayed, and the impact, if any, on any scheduled completion dates for Capital Improvements, (3) its estimated impact on the other obligations of the Claiming Party under this Agreement and (4) potential mitigating actions which might be taken by the Claiming Party and any areas where costs might be reduced and the approximate amount of such cost reductions. The Claiming Party shall provide prompt written notice to the other Party of the cessation of such Force Majeure event. Whenever such act, event or condition shall occur, the Claiming Party shall, as promptly as reasonably possible, use its best efforts to eliminate the cause therefor, reduce costs and resume performance under this Agreement. While the Force Majeure event continues, the Claiming Party shall give notice to the other Party before the first day of each succeeding month updating the information previously submitted. The Claiming Party shall furnish promptly (if and to the extent available to it) any additional documents or other information relating to the Force Majeure event reasonably requested by the other Party.

(C) Conditions to Relief on Account of Force Majeure. If and to the extent a Force Majeure event interferes with or delays Service Provider’s performance of the Services in accordance herewith, and Service Provider has given timely notice and description as required by Subsection 8.1(B), Service Provider shall be excused from performance and be entitled to schedule

relief and to recovery of the increased costs subject, however, to cost substantiation. In the event that Service Provider believes it is entitled to schedule or other performance relief hereunder on account of any Force Majeure event, it shall furnish JEA written notice of the specific relief requested and detailing the event giving rise to the claim within forty-five (45) days after the giving of notice delivered pursuant to Subsection 8.1(B). Within forty-five (45) days after receipt of such a timely submission from Service Provider, JEA shall issue a written determination as to the extent, if any, it concurs with Service Provider’s claim for relief, and the reasons therefor.

Section 8.2 Indemnification by Service Provider.

(A) Indemnification. Service Provider agrees that to the fullest extent permitted by Law, it will defend, indemnify and hold harmless JEA, its Affiliates, and Subcontractors, and their respective Representatives (as applicable in the circumstances), (the “JEA Indemnified Parties”) from and against (and pay the full amount of) any Loss and will defend the JEA Indemnified Parties in any Action, including appeals, for personal injury to, or death of, any Person, or Loss to property and for any Loss arising out of (i) any breach by Service Provider of any representation, warranty or covenant of Service Provider in this Agreement, (ii) any Third Party Claims for which Service Provider has assumed responsibility under this Agreement, or (iii) the gross negligence or willful misconduct of any member of the Service Provider Group.

(B) Third Party Claims. A JEA Indemnified Party shall promptly notify Service Provider of the assertion of any Third Party Claim against it for which it is entitled to be indemnified hereunder, shall give Service Provider the opportunity to defend such claim, and shall not settle the claim without the approval of Service Provider. Service Provider shall be entitled to control the handling of any such Third Party Claim and to defend or settle any such claim, in its sole discretion, with counsel of its own choosing that is acceptable to the JEA Indemnified Parties; *provided, however,* that, in the case of any such settlement, Service Provider shall also obtain written release of all liability of the JEA Indemnified Parties, in form and substance reasonably acceptable to the JEA Indemnified Parties. Notwithstanding the foregoing, each JEA Indemnified Party shall have the right to employ its own separate counsel in connection with, and to participate in (but, except as provided below, not control) the defense of, such claim, but the fees and expenses of such counsel incurred after notice to Service Provider of its assumption of the defense thereof shall be at the expense of such JEA Indemnified Party unless:

(1) the employment of counsel by such JEA Indemnified Party has been authorized by Service Provider;

(2) counsel to such JEA Indemnified Party shall have reasonably concluded that there may be a conflict on any significant issue between Service Provider and such JEA Indemnified Party in the conduct of the defense of such claim; or

(3) Service Provider shall not in fact have employed counsel reasonably acceptable to the JEA Indemnified Party to assume the defense of such claim within twenty (20) days following the receipt by Service Provider of the notice from the JEA Indemnified Party regarding the assertion of the applicable claim, in each case the fees and expenses of counsel for such JEA Indemnified Party shall be at the expense of Service Provider; *provided, however,* that, with respect to clauses (2) and (3) of this sentence, Service Provider shall not be obligated to pay the fees and expenses of more than one law firm, plus local counsel if necessary in each relevant jurisdiction, for all such JEA Indemnified Parties with respect to any claims arising out of the same events or facts or the same series of events or facts. Service Provider shall not be entitled, without the consent of such JEA

Indemnified Party, to assume or control the defense of any claim as to which counsel to such JEA Indemnified Party shall have reasonably made the conclusion that there may be a conflict on any significant issue between Service Provider and such JEA Indemnified Party in the conduct of the defense of such claim as set forth in clause (ii) above, *provided* that the foregoing limitation shall apply only with respect to those issues for which there may be such a conflict. These indemnification provisions are for the protection of the JEA Indemnified Parties only and shall not establish, of themselves, any liability to third parties. The provisions of this Section 8.2 shall survive termination or expiration of this Agreement.

Section 8.3 Proprietary Information.

(A) Confidential Information. The Parties hereby acknowledge that they may have a proprietary interest in certain information that may be furnished pursuant to the provisions of this Agreement, including any non-public know-how, system information, and other information of a confidential nature (“Confidential Information”). Subject to the terms of this Agreement (including the permitted disclosures described below), each Party shall maintain in confidence all Confidential Information provided by the other Party, and shall not disclose such Confidential Information to any third party except to those related parties and subcontractors as are necessary to the disclosing Party’s activities under this Agreement, and strictly on a need-to-know basis. In maintaining confidentiality of another Party’s Confidential Information, each Party shall exercise the same degree of care that it exercises with its own confidential information and in no event less than a reasonable degree of care.

(B) Permitted Disclosures. Notwithstanding any confidential or proprietary designation thereof by a Party, a Party may disclose the following: (1) information which is known to that Party without any restriction as to disclosure or use at the time it is furnished, (2) information which is or becomes generally available to the public without breach of any agreement, (3) information which is received from a third party without limitation or restriction on such third party or at the time of disclosure, or (4) following notice to the disclosing Party, information which, in the opinion of counsel, is required to, be or may be, disclosed under any Applicable Law, including requirements for public disclosure of information pursuant to (a) Chapter 119 of the Florida Statutes and any supporting regulations (b) Chapter 286 of the Florida Statutes and any supporting regulations, (c) Article I, Section 24 of the Florida Constitution and any supporting regulations, (d) an order of a court of competent jurisdiction, or (e) a lawful subpoena.

Section 8.4 Relationship of the Parties. Except as otherwise expressly provided in this Agreement, nothing in this Agreement shall be deemed to constitute either Party a partner, joint venture partner, agent or legal representative of the other Party or to create any fiduciary relationship between the Parties. Neither Party shall have the authority, and neither Party will represent that it has such authority, to make any statements, representations or commitments of any kind, or to take any action, which shall be binding on the other Party, without the prior consent of such other Party.

Section 8.5 Assignment and Transfer. This Agreement may be assigned by either Party only with the prior written consent of the other Party, except that (a) without the consent of Service Provider, JEA may assign its rights, obligations and interests hereunder, or transfer such rights and obligations by operation of law, to any other governmental entity or independent agency of the City of Jacksonville, Florida, *provided* that the successor entity gives reasonable assurances to Service Provider that it will be able to fulfill JEA’s obligations hereunder, and (b) without the consent of JEA, Service Provider may assign this Agreement to a wholly-owned direct or indirect subsidiary of Service Provider or its parent, if any,

provided that, notwithstanding any such assignment, Service Provider shall remain responsible for all of its obligations hereunder.

Section 8.6 Amendment and Modification; Waiver. This Agreement may be amended, modified, or supplemented only by an agreement in writing signed by each of the Parties. No waiver by any Party of any of the provisions hereof shall be effective unless explicitly set forth in writing and signed by the Party so waiving. No waiver by any Party shall operate or be construed as a waiver in respect of any failure, breach or default not expressly identified by such written waiver, whether of a similar or different character, and whether occurring before or after that waiver. No failure to exercise, or delay in exercising, any right, remedy, power or privilege arising from this Agreement shall operate or be construed as a waiver thereof; nor shall any single or partial exercise of any right, remedy, power or privilege hereunder preclude any other or further exercise thereof or the exercise of any other right, remedy, power or privilege.

Section 8.7 Notices. Any notice, request, instruction or other document to be given hereunder by any party to the others shall be in writing and delivered personally or sent by (a) registered or certified mail, postage prepaid, (b) email or (c) overnight courier:

Service Provider or any of its Representatives in connection with the sale process that occurred prior to the execution of this Agreement or otherwise in connection with the negotiation and execution of this Agreement.

Section 8.9 Further Assurances. Delivery of an executed signature page of this Agreement by facsimile, e-mail or other customary means of electronic transmission shall be deemed to have the same legal effect as delivery of a manually executed counterpart hereof.

ARTICLE 9 REPRESENTATIONS AND WARRANTIES

(C) **Consents and Approvals; No Violations.** Assuming the truth and accuracy of the representations and warranties of Service Provider set forth in Subsection 9.2(C), no filing with or notice to, and no consent or approval of, any Governmental Authority is required on the part of JEA for the execution, delivery and performance by JEA of this Agreement or the

As of the date of this Agreement, there are no actions existing, pending or, to the knowledge of JEA, threatened in writing against JEA relating to its business, and there are no orders outstanding against JEA relating to its business, in each case, that would reasonably be expected to have a material adverse effect or would reasonably be expected to result in the issuance of an order restraining, enjoining or otherwise prohibiting or materially delaying the transactions contemplated by this Agreement.

(E) Intellectual Property. As of the date of this Agreement, to the knowledge of JEA, there are no claims against its business by any third party alleging that its business is infringing any Intellectual Property Rights of a third party in any material respect. As of the date of this Agreement, to the knowledge of JEA, (a) the conduct of its business as currently conducted does not infringe any Intellectual Property Rights of any third party, and (b) no third party is infringing any material JEA Owned Intellectual Property. This Subsection 9.1(E) contains the sole and exclusive representations and warranties of JEA with respect to intellectual property matters.

Section 9.2 Representations and Warranties of Service Provider. Service Provider represents and warrants to JEA as follows:

(A) Organization and Qualification of Service Provider. Service Provider is a [•] duly organized, validly existing and in good standing under the Laws of the State of [•] and has all requisite power and authority to own, lease or operate its properties and assets and to carry on its business as currently conducted. Service Provider is duly qualified or licensed to transact business and is in good standing (if applicable) in each jurisdiction in which the property and assets it owns, leases or operates, or the nature of the business it conducts, makes such qualification or licensing necessary, except where the failure to be so duly qualified or licensed and in good standing would not have a material adverse effect.

(B) Authority of Service Provider. Service Provider has all requisite corporate power and authority to enter into this Agreement, to carry out its obligations hereunder, and to consummate the transactions contemplated hereby. This Agreement has been duly executed and delivered by Service Provider and, assuming the due authorization, execution and delivery by JEA, constitutes a legal, valid and binding obligation of Service Provider enforceable against Service Provider in accordance with its terms, subject to the Enforceability Exception.

(C) Consents and Approvals; No Violations. Assuming the truth and accuracy of the representations and warranties of JEA set forth in Subsection 9.1(C), no filing with or notice to, and no consent or approval of, any Governmental Authority is required on the part of Service Provider for the execution, delivery and performance by Service Provider of this Agreement or the

consummation by Service Provider of the transactions contemplated hereby, except: (1) those as a result of any facts or circumstances relating to JEA or any of its Affiliates or their respective businesses, or (2) any permit, declaration, filing, authorization, registration, consent or approval, the failure to make or obtain would not reasonably be expected to have, individually or in the aggregate, a material adverse effect. Assuming compliance with the items described in clause (1) of the preceding sentence, neither the execution, delivery or performance by Service Provider of this Agreement, nor the consummation by Service Provider of the transactions contemplated hereby will (a) conflict with or result in any breach or violation of any provision of its organizational documents, or (b) violate any Law applicable to its business, except, in the case of clause (b), for breaches, violations, defaults, Encumbrances or rights of termination, amendment, cancellation or acceleration that would not reasonably be expected to have, individually or in the aggregate, a material adverse effect.

(D) Legal Proceedings. As of the date of this Agreement, there are no actions existing, pending or, to the knowledge of Service Provider, threatened in writing against Service Provider relating to its business, and there are no orders outstanding against Service Provider relating to its business, in each case, that would reasonably be expected to have a material adverse effect or would reasonably be expected to result in the issuance of an order restraining, enjoining or otherwise prohibiting or materially delaying the transactions contemplated by this Agreement.

(E) Restrictions on Nongovernmental Use. Service Provider does not expect that the capacity and energy provided under the Vogtle PPA (the “PPA Project”) to be used in any trade or business carried on by any natural person or any activity carried on by anyone other than a natural person or a state or local governmental unit (the “Private Use Limits”). For purposes of this Subsection (E), “use” includes the sale of power to non-governmentally owned utilities pursuant to output or requirements contracts as well as any other arrangements for the sale or transmission of power on terms different from those available to the general public. Except as otherwise described in this Subsection (E), Service Provider shall not permit any private business use of the PPA Project. This requirement is applied by taking into account any arrangements Service Provider with third parties for the sale of power from the PPA Project that would be taken into account as a “use” of the PPA Project if made by Service Provider. Service Provider agrees to notify JEA prior to any such use. Service Provider covenants to comply with the Private Use Limits throughout the term of the Vogtle PPA:

(1) Other Uses of the PPA Project. Service Provider may enter into a variety of arrangements with nongovernmental persons, including wholesale and retail customers of JEA and nongovernmental utilities and other providers of electric generation and transmission service. With respect to the PPA Project, each of these arrangements will satisfy one of the following exceptions to the limitations on private business use and private security or payments:

(a) in the case of sales of electric generation service, the term of such transactions will not exceed three years (including renewal options), such transactions will be negotiated, arm’s length arrangements that provide for compensation at fair market value or are based on generally applicable and uniformly applied rates, and the PPA Project was not acquired with a principal purpose of providing that facility for use by that nongovernmental person;

(b) in the case of sales of electric generation service, the compensation for such service will not exceed the properly allocable cost of

ordinary and necessary expenses that are directly attributable to the operation of the PPA Project used by the nongovernmental person;

(c) in the case of sales of electric generation service, the output is sold (i) to a retail customer pursuant to a requirements contract that does not involve minimum guaranteed payments, or (ii) under a contract pursuant to which the average annual payments to be made under the contract do not exceed 1 percent of the average annual debt service on all outstanding tax-exempt bonds (and Build America Bonds) issued to finance the PPA Project;

(d) the use of the PPA Project is by an entity that qualifies as an agency of JEA or another governmental unit, as approved by the Internal Revenue Service or JEA's tax counsel, that such entity does not, in turn, use the output of the PPA Project in a manner that gives rise to private business use;

(e) in the case of sales of electric generation service, the output is sold to a wholesale customer pursuant to a wholesale requirement contracts wherein (i) the term of the contract does not exceed the lesser of 5 years or the term of the Bonds, and (ii) the amount of the output sold does not exceed 5% of the available output of the PPA Project; and

(f) in the case of sales of electric generation service, output that is allocable to portions of the PPA Project that were financed with amounts other than the proceeds of Build America Bonds or obligations the interest on which is excluded from gross income for federal income tax purposes.

(2) The above requirements in this Subsection 9.2(E) may be modified as a result of change in law or guidance from the Internal Revenue Service as approved by the Internal Revenue Service or JEA's tax counsel.
