About Intralinks

Each Intralinks exchange is a secure, neutral environment where participants can assemble and interact online. You are invited to be a member in an Intralinks exchange by an exchange manager. Exchanges are used to arrange, conduct and manage work as well and to distribute documents. Exchanges are flexible and can be tailored to meet your specific business needs. If you are a member of more than one exchange, you will see them all listed in your Intralinks hub when you log into <http://www.intralinks.com>. If you are new to Intralinks and you need more information, click the Help button after you log in.
