Core competencies accelerate results

ELEVATE THE ENTIRE TEAM

1. Ensure JEA's corporate compensation philosophy is aligned with JEA's Guiding Principles
2. Encourage long-term culture of value creation
3. Establish formal compensation policy to align behavior to 4 Corporate Measures of Value and market based compensation
4. Ensure policy promotes collaboration to drive Vision and Mission

Employee incentives should drive “value” & “teamwork”

JEA Board Policy Manual

(Policy 2.7 adopted by JEA Board on June 17, 2014)

50th %

JEA's current total compensation structure aims to compete with the market for talent

“With respect to employment, compensation, and benefits to employees, consultants, contract workers and volunteers, the CEO shall not cause or allow jeopardy to financial integrity or to public image. Accordingly, the CEO will not:

Promote a compensation philosophy... providing a total rewards package that encompasses salary/wages, retirement benefits, incentives and health and welfare benefits.

Salary/wages will meet the market (50% percentile), which is where the majority of companies in the geographical area reside. The 50th percentile pays competitively for behavior that meets expectations. Additional consideration will be given to behaviors that exceeds expectations which are typically rewarded at the 75th percentile. Internal equity will be achieved by evaluating differences in skill, effort, responsibility and working conditions among jobs.”

HOW DO WE DEFINE TOTAL COMPENSATION?

	BASE	+	SHORT TERM INCENTIVE	+	LONG TERM INCENTIVE
JEA	\$132.8		\$5.2		\$0.0
50% Percentile	\$124.9		\$10.1		\$3.7
DELTA ▲	\$7.9		(\$4.9)		(\$3.7)

Above numbers exclude healthcare and retirement

Dollars above are in millions

JEA's total compensation structure does not reward value creation

2007 to 2017 JEA lost Avg. of \$130 MM / yr in FCF (\$1.4B of cash) vs IRP Case

Industry Macro Trends Impacting JEA

Energy Efficiency (2000's tech trend)

- Mandates account for >90% of reduction in electric sales
- 30% lower sales in 2017 than forecasted back in 2006

Distributed Generation (2010's tech trend)

- Solar growth increasing in JEA territory 67% CAGR since FY 14
- >\$2.5MM of Net Income lost to distributed generation annually

Distributed Storage & iDER (2020's tech trend)

- Similar cost / performance trends to distributed generation being witnessed
- Storage will change the entire energy sector once cost parity with utility achieved

**WHY FOCUS AND COMPENSATION
ALIGNMENT MATTERS**

RECOMMENDED: JEA Board Policy Manual

(Revision to Policy 2.7 adopted by JEA Board on June 17, 2014)

“With respect to employment, compensation, and benefits to employees, consultants, contract workers and volunteers, the CEO shall not cause or allow jeopardy to financial integrity or to public image. Accordingly, the CEO will ~~not~~:

Total compensation ~~Salary/wages~~ will meet the market (50% percentile), which is where the majority of companies in the **industry and** geographical area reside. **Total compensation will include Base Salary, Short Term Incentives and Long Term Incentives.** The 50th percentile pays competitively for behavior that meets expectations. **Short term and long term incentives will align to and drive JEA’s Corporate Measures of Value.** Internal equity will be achieved by evaluating differences in skill, effort, responsibility and working conditions among jobs.”
