Lynne -- This is a prime example of what I discussed with you yesterday. Procurement is not involving our office the way that it should and is taking on negotiating legal provisions in contract terms. Regardless of how the detachment with OGC came to be, it needs to be reinstituted and our office should be reviewing and/or consulting with procurement on the frontend of their RFPs and form approving all formal contracts (letter agreements, MOUs, contracts) for the JEA.

From what I can tell, our form approval on contracts is sporadic -- direction needs to come from the top and given to SLT to inform all of these reports that all JEA contracts need to be reviewed by an OGC attorney for form approval.

Also, the real estate work for JEA has no oversight from our office -- need to get a handle on that body of work that is being done for JEA by outside counsel.

Josh,
Please see JEA's attached revisions. Also, JEA would like EY to sign the NDA attached as well. Please let me know if we need to discuss any issues.

Thanks,
Heather

Jenny,

Please see attached for reviews, comments and redlines from our legal department. Note that we have removed the GT&Cs from the SOW and provided our single engagement MSA to which the SOW will be attached. Redlines to the GT&Cs have been moved to the MSA and comments added to the existing SOW.

Please review and once you are ready, let me know your availability for a call to discuss and I can set something up.

Thanks, Heather. I think a call is necessary to keep this moving.

Josh and Joshua, we would like to have a call tomorrow if possible. Does your legal team have some available times they could send us to set something up?

Thanks!
Jenny
