Team,

I am not sure if I shared this from Aaron's dry-erase board. This is the outline for the deck he is building for the May Board Meeting. Many of the slides (or data) don't yet exist; but I wanted you all to have a heads-up on what he's thinking. I asked him today how certain he was that we would be delivering in May; and he said to ask him again on Monday (after Vogtle negotiations this week). Nothing for us to do at this point but finish cleaning-up and notating the current presentation. k
